

# FOODSHARE

During the distribution of Thanksgiving turkeys and other holiday provisions, Foodshare at their discretion and when able, is willing to load the required number of bins/pallets onto/into the participating agency's pick-up or non-dock height truck with a forklift. While every effort will be taken to do this in a safe and conscientious manner, Foodshare accepts no liability or responsibility for any damage incurred to the agency's vehicle or personnel during this process. Each agency is required to have a responsible representative sign this waiver releasing Foodshare and any of its employees or volunteers from harm for any negligence or damage. This waiver is a binding and lasting agreement between Foodshare, Inc. and the participating agency.
